**RESPONSE TO NOTICE OF INSUFFICIENT BASIC NATIONAL FEE REQUIRED
AND/OR MISSING COPY OF INTERNATIONAL APPLICATION UNDER 35 U.S.C. 371
AND 37 CFR 1.495**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This Response is submitted in response to the Notice of Insufficient Basic National Fee Required and/or Missing Copy of International Application under 35 U.S.C. 371 and 37 CFR 1.495, mailed December 15, 2005, and a copy of which is submitted herewith.

The Notice indicates that a copy of the International Application must be submitted, including a copy of the Request form, because a copy of the International Application and Request form are not presently in the Patent Office file. The Notice further indicates that the copy of the International Application must be provided prior to 30 months from the priority date in order to avoid abandonment, and that extensions of that time period are not available.

The present application was filed as a National Stage application in the U.S. Patent and Trademark Office on June 23, 2005, prior to the 30-month National Stage due date of June 24, 2005. When the National Stage application was filed, Applicants did not submit a copy of the original International Application and Request form. Instead, Applicants checked box 5b on the Transmittal Letter to the United Designated/Elected Office (Form PTO-1390), indicating that a copy of the International Application as filed was not submitted because a copy had been communicated by the International Bureau. Because Applicants had received a copy of the Form PCT/IB/308, indicating that a copy of the International Application had been communicated by the International Bureau to the U.S. Patent and Trademark Office, Applicants understood that a copy of the International Application and Request form were already present in the Patent Office file. A copy of the Form PCT/IB/308 is attached hereto.

Accordingly, Applicants respectfully submit that they are not required to furnish a copy of the International Application and Request form to the U.S. Patent and Trademark Office, because those papers had already been communicated by the International Bureau prior to expiration of the 30-month due date for filing the U.S. National Stage application.

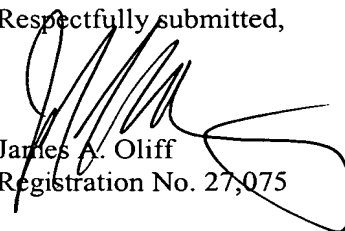

Nevertheless, for completion of the Patent Office file, submitted herewith is a copy of the International Application as filed, and a copy of the Request form. Entry of these documents should complete all of the formal filing requirements for the U.S. National Stage application.

Further, because the Form PCT/IB/308 indicates that the International Application and Request form had been timely communicated to the U.S. Patent and Trademark Office prior to expiration of the 30-month time period, entry of the attached duplicate copies should be considered as timely filed.

For all of the reasons set forth above, Applicants respectfully submit that no fees should be due for entry and consideration of this response. However, the Commissioner is authorized to charge deposit account 15-0461 for any fees necessary to obtain entry and consideration of this response.

Should be there any questions regarding this response, please telephone Applicants' undersigned representative at the telephone number listed below.

Respectfully submitted,
